## **Family Migration**

During the early and mid-Nineteenth century many Orangeburgh area families migrated to Alabama, Georgia, Arkansas, Texas, Mississippi, Louisiana and other points west. The information we have provided about a family's migration to another state is an attempt to document those migrations in order to assist family researchers in connecting their ancestors back to Orangeburgh or accounting for missing branches of their families.

Several members of the GARTMAN family migrated to Alabama, Georgia, and Mississippi. See the Orangeburgh Migrations Project for more information about them.
